Writing

Once, I came back home after exciting baseball match in stadium. But I reminded, I have locked my dog in my office! I ran into home, the dog was barking. I walked into office and started to say:

"Charlie Charlie are you okay?"
"Dog licked me and played with me, I understood, the dog was fine. But when I turned right I was seeing the hell. My documents became a small pieces of paper. They were lying all around the room. It was 'fantastic' how the small dog could scratch all my documents! But in my mind I was regretting my dog because she spent ~~at~~ the whole day without food and water. But how ^{she} could scratch all my documents? Why she is so clumsy? I forgot about this accident, my love for Charlie is upper than this things. I drove to supermarket, bought steak and fed Charlie."

It was very fun accident I checked my love for Charlie, and it won!
Today, it is very fun story to tell in family rounds and birth days.
Thank you, my dog!
