Writing

Once, my friends asked me to go on party with them. It was good idea to relax after school exams. We agreed that party would be in my house. My parent accepted our party and left me for preparing. I heard our dog in the kitchen. She was trying to get our party snacks. I said her that they for party, isn't for her. Suddenly she started to run all around house and I couldn't catch her. So I asked my friends to go to the restaurant cause of my crazy clumsy dog. I left her in isolation but I forgot about my homework I left on the table in my bedroom. When we was going throw the park to the restaurant, my friend John asked me what happened. I complained him about dog's behavior. We laughed so I forgot about it. Weather was good and we get to the restaurant. Food was really good. We paid for our meals and went home. When I arrived I saw regretted dog waiting for me in the living room. I was going to the toilet when saw my homework in awful condition. It was bad.
